## Instructions for Indian Global Datafeeds

(Updated 9/15/2024)

- 1. Download AbleTrend 8.0
- 2. When you open AbleTrend, click Data Source, select data module as "GDF".
- 3. Input your DFG data key (Password), Ignore all other fields, leave them blank.

Datafeed Setting		×
Please choose a data fe	ed module:	~ Add
Name	Setting	
<ul> <li>AbleData</li> <li>Ablesys</li> <li>Ablesys_EOD</li> <li>SDF</li> </ul>	<ul> <li>File</li> <li>Dll File</li> <li>User Credential</li> </ul>	DSGDF.dll
	Password Notwork	*****
Input pass key	Host port Servers HIS	0
Remove Test	RT	
	ОК	

- 4. Don't click "Test", simply click "OK", then exit AbleTrend software.
- 5. Open AbleTrend again.
- 6. Symbol format for GDF data: <exchange>.<symbol>

For example: NSE.IOC

You may check symbols online <a href="https://www.nseindia.com">https://www.nseindia.com</a>

Please try symbol format like this:

NFO.OPTIDX\_NIFTY\_28JUN2018\_CE\_10800 MCX.FUTCOM\_CRUDEOIL\_19JUN2018\_0
